

Asian Health Services (AHS) is a community health center that provides medical, dental and behavioral health services in 14 different languages to medically-underserved families throughout Alameda County and surrounding communities. As a nationally recognized community health center model, AHS stands at the forefront of quality and innovation. Since 1974, we have addressed the unique cultural beliefs, language needs, attitudes and values of our patients.

Our approach to wellbeing focuses on “whole patient health,” which is why we provide more than primary care services, including mental health, case management, nutrition, and dental care to more than 50,000 patients.

Who We Serve

50,000+	146,403	37%	18%	70%
total patients	patient visits in 2024	geriatric patients	pediatric patients	at or below 200% of the federal poverty level
