ASIAN HEALTH SERVICES

HEALTH CARE FOR ALL. ADVOCACY FOR THE UNDERSERVED.

Updated April 2026

Asian Health Services (AHS) is a community health center that provides medical, dental and behavioral health services in 14 different languages to medically-underserved families throughout Alameda County and surrounding communities. As a nationally recognized community health center model, AHS stands at the forefront of quality and innovation. Since 1974, we have addressed the unique cultural beliefs, language needs, attitudes and values of our patients.

Our approach to wellbeing focuses on "whole patient health," which is why we provide more than primary care services, including mental health, case management, nutrition, and dental care to more than 50,000 patients.

Who We Serve

50,000+ total patients

151,055 patient visits in 2025

38% geriatric patients

18% pediatric patients
